

## LIVE NEWS FROM THE TWIN CITIES

## SEWAGE DISPOSAL TALK

E. W. Winkler will lead a discussion on sewage disposal at the East Chicago Chamber of Commerce meeting tomorrow noon at the Congregational church. The discussion will deal with the advisability of a joint sewer disposal plant or establishment of a sanitary district. Since the decision of voters to make a local problem of the sewage disposal it is not unlikely that East Chicago will also go in favor of getting a local plant and do away with the delay that would be caused by an attempt to establish a sanitary district. A representative of a firm which manufactures an electrical system of sewage disposal was before the board of directors of the chamber a short time ago and explained the advantages of that system. Mr. Winkler is well informed concerning sewage disposal and will be able to lead an interesting discussion.

On the next day the U boat captain
